[DISPATCHES TO THE OREGONIAN.]

EASTERN DATES TO JUNE 26

WEST INDIES

HAVANA, June 26.—Valmaseda has arrived at Santiago de Cuba.

KINGSTON, Jamaica, June 26.—Many work men are in a starving condition.

Panama dates to Friday announce that the railroad directors have notified the government that they will refuse to pay annually hereafter the quarter of a million dollars and offer instead to allow Government a certain proportion of the profits. The Bogota journals are urging Government to continue the construction of the rail road.

According to dispatches from Lima, Peru, to the 14th, excellent coal mines have been discovered on the Bolivian frontier.

Efforts to suppress the revolution in Bolivia have proved unsuccessful.

CALIFORNIA

The Mining Difficulty.

SUTTER CREEK, June 26.—Sheriff Durham is in town. He says he anticipates no collision. Although the engineers and miners were threatened, yet it was not the official action of the League. The select committee appointed by the President had all the executive powers. Burns says the committee might have gone too far. There is an evident desire on the part of the leaders to compromise, but the men will not unless the owners concede something. The owners now will not budge from their position. Haight is abused by the miners for coming and then ordering troops, and by storekeepers and other anti Leaguers because he stopped the troops at Sacramento. One mine, the Ida Hooper, started up last evening as soon as troops were reported near. It will take about seventy hours' work to clear the mine of water. The damage cannot be accurately determined till the mine is cleared and surveys made. The Lincoln and Keystone started up this morning.

A detachment of thirty men have gone to the One Idea mine. Another will go to the Keystone and a third to Donner mine. The miners are very determined. They say after the troops go away no work shall be done. Burns says the League is willing the mines shall be kept clear of water, but not that the work of raising ore shall be done. The Leaguers are mostly Italians, who do not speak English and have misunderstood the situation. They are the only ones who will possibly violate the law, and if so, it will be done on individuals in the dark. The troops have not been insulted since they were hissed and called names from the front of the League buildings.

From San Francisco

SAN FRANCISCO, June 26.—Dr. W. H. Rogers, who was thrown from a carriage last evening while going to attend upon Dr. Barstow, who shot himself in the head, is lying unconscious and little hope of his recovery is entertained. His skull is fractured badly. Dr. Barstow is in a sinking condition—recovery impossible.

Julia Kelly, aged six years, an inmate of the alms house, fell from a heavy wagon this evening. The wheel passed over her skull, crushing it and causing instant death.

The Dam at the outlet of Lake Tahoe is nearly completed.

Col. Von Schmidt will break ground for the great tunnel through Sierra Nevada in a few days.

Delegates from San Francisco to the Republican State Convention met in caucus this evening and decided to act as a unit in support of Selby, and agreed on a line of conduct to be followed in certain contingencies. The caucus was not a public one.

Indian Department News

[From the State ...an]

We learn from the Hon. A. B. Meacham, Superintendent of Indian Affairs, who has quite lately returned from an official journey to the Reservation east of the Cascades, that the exterior boundaries of the Umatilla Reservation have been surveyed, and the land is now being sub-divided by further surveys.

A Council has been appointed to meet at Umatilla August 7th to commence the negotiation for the purchase of the Umatilla lands. The report is unfounded that the Indians have already been dealt with and have agreed to remove. No proposition of the kind has been made to the Indians nor will be until the Council assembles. Nor have they given any intimation that they are willing to dispose of their lands. Much interest and even excitement is felt in that vicinity by whites as well as Indians, and the negotiation will have to be carried on with scrupulous regard to the rights of the Indians as well as the wishes of the whites.

In relation to further surveys of Indian Reservations we learn that Mr. T. W. Davenport is to leave here soon to survey and sub-divide the lands on the Siletz Reservation. T. B. Handley is now surveying the Warm Spring Reservation and a Mr. Mercer is also surveying the Klamath Reservation. Col. D. P. Thompson will commence the survey at Grand Ronde as soon as the harvest is over. These surveys are made in accordance with treaty stipulations and in justice to the Indians who are eager to own their own lands and carry on independent farming. They watch the proceedings with great interest and say they expect to make rapid progress under the new dispensation.

Mr. C. S. Woodworth, Chief Clerk of the Indian Department, starts to-day for the Lebanon road to locate a route commencing at Camp Polk to connect with the Klamath road at the Upper Deschutes crossing. This is in the interest of the Department to secure a direct route from this place to Klamath for government freight trains. Teams now at Klamath are ordered here for the purpose of transporting mill machinery, agricultural and other implements to the Klamath agency.

Mr. O. A. Brown has started for Klamath Reservation, via Warm Springs, bearer of dispatches.

The Canadian Press

Not all the Dominion papers oppose the Washington treaty. The Toronto *Leader* sharply rebukes those Canadian politicians who oppose the treaty from a fear that its ratification will deprive them of their political stock in trade. It says:

The treaty is not a document to be dealt with after the fashion of party questions. Weighty matters of State hang upon the issue of its acceptance or rejection. The knowledge of this fact ought to induce here, as it did in the United States, and as it is doing in England, a calm discussion of its merits and demerits, instead of the violent diatribes which characterize the opposition offered to it. Further on the writer says: If the treaty is not all that we may wish it to be, let us set to work and see if we cannot get it amended. The violent opposition of the leaders of the Clear Grit party in this province is not calculated to achieve this result. If persisted in it might lead to the rejection of practicable terms of a lasting settlement with the United States, and then what a position we should be in! We cannot contemplate such a result without great concern. The prospect may give no uneasiness to men who have been so long accustomed to pulling down whilst others have been building up, but we feel that the subjects involved in this treaty are too serious to be lightly dealt with, and that the best interests of the country demand that the highest statesmanship should take the place of an unreasoning, petty and dangerous opposition. There is mischief must result unless Canada go hand in hand with the mother country.

Mrs. Anna Place, of Portland, Me., is one hundred and two years old. She is the widow of a soldier who served throughout the Revolutionary War.

LAST NIGHT'S DISPATCHES.

[SPECIAL DISPATCHES TO THE OREGONIAN.]

BY ATLANTIC CABLE

The French Army.

NEW YORK, June 27.—The Prussian army corps system is adopted by France. It is said there will be a review on Thursday.

There are great efforts in Belgium to obtain subscriptions to the French loan.

Other News from France

PARIS, June 27.—The Republican committee will publish to-morrow a list of candidates.

Gambetta arrived at Bordeaux on Sunday and delivered a speech on the reorganization of France. He adheres to the views of Louis Blanc.

Miscellaneous

LONDON, June 27.—The Fenian Burke was released on condition of reporting yearly to magistrates.

The Pope, replying to the French Catholics, praised their zeal and denounced liberal Catholicism.

Thiers has issued a decree for the establishment of a legion of mobilist gendarmes to maintain order at Versailles, to be composed of a squadron of cavalry and eight companies of infantry.

EASTERN STATES

California Indian Claims

WASHINGTON, June 27.—Citizens of California who have held unsettled claims against the Indian Bureau since 1855, amounting to $25,000, have at intervals pressed them upon Congress. A few dollars have been paid on them in order to ascertain their extent and validity. Secretary Delano has decided to appoint a committee to visit California and examine and report upon all outstanding Indian claims held in that State.

A partial report of the amount of spirits in bond and out in the country was printed a few days ago. The statement shows the stock on hand to be 40,839,166 gallons or 1,738,526 gallons less than were shown by the report of last November.

The Boutwell Pleasanton Affair

NEW YORK, June 27.—A *Tribune* Washington special says the Boutwell Pleasanton quarrel continues to be almost the only topic of conversation in political circles. It is currently reported that the President has said that he will not interfere. Pleasanton says if not sustained he will resign.

Death of Major Donaldson.

MEMPHIS, June 27.—Major Andrew Jackson Donaldson died suddenly last evening of cholera morbus, in the 72d year of his age. He has resided during the last ten years on his plantation in Mississippi.

Murder at Louisville.

LOUISVILLE, June 27.—Last night Louis Rheems was shot and killed by his rival Valentine Rubett, who laid in ambush for him and shot him while his victim was returning from a visit to his inamorata.

Fratricide at St. Paul.

ST. PAUL, MINN., June 27.—There was a desperate and bloody row last night in a saloon between three brothers and another man over cards. One of the brothers stabbed and killed another.

CALIFORNIA.

From San Francisco

SAN FRANCISCO, June 27.—Counsel for Mrs. Fair to-day filed a new batch of affidavits in the 15th District Court, and a petition for re opening of the motion for a new trial, heretofore denied, based upon such affidavits and those already read and made public. As the appeal of the case is now pending in the Supreme Court, the new motion will probably not be heard until the appeal is disposed of.

Nearly all the Magdalena Bay victims have been provided employment by the Labor Exchange. Some will be sent to the Russian river lumber mills. Others to various parts of the State.

An attempt was made to create a sensation on Montgomery street this afternoon by posting a placard on a newspaper bulletin board to the effect that Gen. Cazneau had telegraphed for reinforcements at Sutter creek, and that a new force would start to-morrow. The authorities' dispatches from Cazneau up to 5 P. M. say all is quiet. The Keystone and Ida mines are working, others are pumping out. A detail of 10 men is required to relieve some who are sick and others whose business imperatively require their presence in the city will go up to-morrow.

The sailing of the steamer *Idaho* for Mazatlan is postponed until Saturday.

The schooner *Aimee*, from Coos Bay, went ashore near the Cliff House last night in a fog, and is now full of water and will probably prove a total loss.

Jas. Harrington *alias* Alkali Jim and William Miner, the San Andreas stage robbers who were arrested here some weeks since, came back to-night from Calaveras county en route for San Quentin for ten years each. The third member of the firm is yet to be tried.

The new affidavits presented by Mrs. Fair's counsel to-day, cover essentially the same ground as those already passed upon, mainly attacking the competency of the jurors Beach and Littlefield.

Independent Democrats, led by Friedlander, who protested against the appointment of delegates to the State Convention by the County Commissioners, are in caucus this evening. They will probably appoint a Committee of five to confer with a Committee of the same number from the County Committee to harmonize the two wings of the party.

The friends of Booth assert this evening that they have positive information that 170 of the delegates will support him in the State Convention in any event, and that his nomination is certain. The general impression here is that he is sure of the nomination.

Dispatch from Sacramento

SACRAMENTO, June 26.—The following persons have been appointed Commissioners of Deeds for California: P. W. Rittenhouse of Rising Sun, Maryland, and Andrew J. M... of Portland, Oregon.

But two questions occupy public attention, the Sutter Creek difficulty, interest in which is rapidly dying out, and the Republican State Convention.

Seth Green of California, who arrived to-day with 15,000 young shad for planting in the Sacramento river and other localities, accompanied by Redding, the celebrated fish grower, conveyed his importation by railroad to Sacramento this afternoon, where it will be deposited in the river, the water there being clear. Green, who has had forty years experience in this business, anticipates no difficulty in introducing shad, eels and other valuable fish to the waters of California.

EUREKA, June 27.—For some time past there has been much talk of sales of mining property, which was yesterday brought to a close by B. S. Bernard purchasing the following: Bullwhacker, Elephant, Premium, America, Eldorado, Eldorado No. 2, Lady Byron, Valentine Day, Big Budley, Fir Grove, Letter B and Tacoma, together with the Chicago Furnace. The company will be known as the Lander Consolidated and will proceed to erect four more furnaces. Assays made from some of the above mines have gone as high as $14,000. It is estimated that from 8,000 to 10,000 tons ore are in sight in the Bullwhacker alone. An immense new body of ore was struck yesterday in the Adams and Ferren by the Phœnix Company, equal to the best produced by the Eureka Consolidated. At no time since the organization of the district, has there been so promising an appearance in all its interest.

Fire at Folsom.

FOLSOM, June 27.—Between two and three o'clock this afternoon, a fire broke out in Chinatown, consuming the entire part occupied by Chinese, with the exception of a brick store on side of Chinatown. It burned the Patterson House, the residence of O. C. Law, and a portion of a lumber yard owned by S. Aldman.

BY STATE TELEGRAPH

Horace Greeley Cannot Visit Oregon this Year

SALEM, June 27.—M. Clark telegraphed to Mr. Greeley in relation to delivering the Annual Address at the coming State Fair, and this evening received the following reply:

NEW YORK, June 27.—Daniel Clark, President State Agricultural Society: I cannot visit Oregon this year.

[Signed] HORACE GREELEY.

OREGON

Ninety-nine marriage licenses have been issued in Marion county within a year.

H. L. Turner, an old citizen of Aumsville, Marion county, died on Monday aged 68.

Jesse Barker of Douglas county has gone to the coast to make swamp land selections.

Heavily loaded wagons, drawn by ten mules each, passed through Roseburg the other day with freight for Klamath.

The *W... ...an Democrat*, published for awhile at La Grande, has ceased to exist. Wonder if the "new departure" killed it.

Durkee's ditch on Burnt river, when completed, will cover much good mining ground and enable many miners to go to work.

Judge Boise will be orator at Salem on the Fourth. Gov. Gibbs will be President, and Judge Bonham will read the Declaration.

A man named George Walker stole a horse of William Chenoweth in Douglas county last week. The thief was followed to Grave Creek, overtaken and arrested.

The Jacksonville *Times* says: Settlers are pouring into Klamath Lake valley. They come from Willamet chiefly, and are settling on Lost river and Alkali lake.

One hundred and thirty men are now at work on the Packwood ditch in Baker county, and the force will soon be increased. The ditch will be completed by September.

A company of cavalry, under command of Brevet Maj. Jackson, has been stationed at Fort Klamath, in addition to the company of infantry already there. Maj. Jackson has command of the post.

From the Jacksonville *Sentinel*: Dr. L. H. Greenman has returned from a trip to Goose Lake valley. He reports that the valley is rapidly filling up with settlers, also that droves of stock, cattle and sheep, are constantly arriving. The country is healthy and peaceable, giving but little employment to doctors or lawyers.

THE TERRITORIES

The Walla Walla *Statesman* denies that the reported wool frauds were perpetrated at that place.

The Northwestern Home is the name of a paper that comes forth unheralded at Vancouver. It is an agricultural journal and will appear monthly. The first number evinces care and judgment and looks well. Published by the Northwestern Home Co. at $1 a year.

A Walla Walla paper says: The tide of immigration still continues to flow steadily in our direction. There is no rush or stampede, but people are coming steadily and constantly. All seem well pleased with the appearance of the country, and express their determination to stay.

The County Commissioners of Walla Walla have withdrawn the proposition to pay $10,000 yearly for the term of twenty years. But it is understood that at the next meeting of the Board a proposition will be submitted to the voters authorizing that a subscription of $200,000 to the capital stock of the railroad company, in behalf of the county. It is believed that the proposition will carry.

From the Walla Walla *Union*: In our last issue, in giving an account of the hanging, by a mob, of Peter F. Walters, we doubted the propriety of the action of the Sheriff in not executing the sentence of the law. It now seems that the reason why the sentence was not carried into effect by the officer, was that an appeal had been taken only a day or two before the day set for the hanging, and that the Clerk had issued a stay of execution. This being the case, the Sheriff is blameless.

CURRENT NOTES

A Maine man's family of four sons and one daughter have married his next door neighbor's four daughters and one son.

Surgeon James Montgomery Green, who died in Philadelphia, of paralysis, recently, at the age of seventy six years, was the oldest surgeon in the navy. At his funeral Rear Admiral Gleeson and Surgeons Ruschenberger, Egbert, McClelland, Beale and Hunter were pall bearers.

The British Government has finally approved the absorption of British Columbia into the Dominion of Canada, and the 20th of July has been fixed as the date on which the union shall take place. One of the conditions upon which the Pacific colony agreed to annex was that a transcontinental railroad through British America should be built by the Dominion Government, aided by the home Government. Now let us see if that work will be commenced within the period specified—"a reasonable time," and if it is not so begun, nor finished, what will British Columbia do about it?

A few days ago the noted woman brokers, Woodhull & Claflin, of New York, instituted a libel suit against Henry Ward Beecher, and the publishers of the *Christian Union*, laying their damages at $250,000. The ground of the action is the publication in the *Christian Union*, of which Beecher is editor, of Mrs. Harriet Beecher Stowe's new novel, "My Wife," in which two female characters figure which it is alleged are intended to represent Mrs. Woodhull and Mrs. Claflin. The characters are drawn with the utmost freedom and are presented as types of a class with which no gentleman would care to be identified. This litigation promises to afford scandal mongers a small matter for gossip.

A constantly recurring subject of discussion among Shakspearian scholars is the question of how the contemporaries of the great dramatist spelt his name. There is a MS. tract in the British Museum, entitled "The Excellency of the English Tongue," written in 1590, by Richard Carew, of Antony, England, to William Camden, at that time Head Master of Westminster Grammar School, which contains a reference to Shakspeare as a poet of the Catullus school, and in which the name is spelt "Shakespheare." The passage reads: "Will you read Virgil, take the Earl of Surrey; Catullus, Shakespheare." This tract has already appeared in print, having been printed in Camden's "Remains," but the public attention has first been called to the reference to Shakespeare by Mr. Scott, of the British Museum, who has the MS. in charge.

Five Millions for Lotteries

[From the San Francisco Bulletin.]

The aggregate amount of lottery tickets for sale in this city and other portions of the State is over five millions of dollars. The various schemes are for sums running all along from $50,000 to $1,500,000. All the tickets in each are to be sold before drawing can take place, and most of these are timed for the Fourth of July next. The managers of each lottery seem to think the people need no other or better assurance of their honesty and the fairness of their proceedings than that the drawings will be made in precisely the same manner as the "Great Mercantile Library Gift Concert in San Francisco." If this is true in every case there must be in California a surprising number of blind children and a host of church members who are able to reconcile the most dangerous system of gambling with the rules of Christian conduct and high class ecclesiastical legislation. Granting that these classes are very numerous, we must still doubt that they have in every interior city and town, "Mariners' Churches" whose Presidents can be procured to act as chief superintendents of lottery drawings. WEDNESDAY MORNING, JUNE 28, 1871.

The Political Situation in California.

To-day (Wednesday, 28th) the Republican State Convention of California will assemble at Sacramento. The nomination for Governor lies between Newton Booth, of Sacramento, and Mayor Selby, of San Francisco, either of whom would be an acceptable and strong candidate. Republicans of California are entering upon the contest with strong hopes of success. Feuds that have distracted the party are nearly healed. California was lost four years ago by Republican dissensions and unfit nominations. It is now believed that with a good ticket the chances of a Republican victory are fair and even hopeful. Between Selby and Booth there is little to choose. The former would perhaps be somewhat the stronger candidate in San Francisco; the latter might have a slight advantage in the interior counties. But either would be a strong candidate and would receive the general support of the party.

And here is where the Republicans of California seem likely to have an advantage this year over their opponents. Gov. Haight has been re-nominated by the Democrats, but his nomination is not satisfactory to the whole party. For many months bitter opposition has been manifested toward his re-nomination, and many Democratic papers have not hesitated to declare that with him as a candidate for re-election defeat would be quite certain. The "State organ" of the party, the Sacramento *Reporter*, is numbered with those that have opposed Haight and predicted disaster from his nomination. On the morning on which he was nominated it made a last appeal to the Convention to drop Haight, take some other man and save the State to the Democratic party. It said:

> We can see no hope for the success of the ticket with Gov. Haight at the head of it. By all means, gentlemen of the Convention, give us some other man.
>
> Can the Democratic party afford to lose a United States Senator this Fall? It may be set down as a fixed fact that, with Gov. Haight at the head of the ticket, it will be beat several thousand votes in San Francisco, and we will lose twelve Assemblymen and (with San Mateo) three Senators. Then Cole will hie him back to Washington, with a new six years' lease in his pocket.

Pursuing this subject the *Reporter* said:

> The [illegible] *Democrat*, Sierra City, San Joaquin *Argus*, and other Democratic papers, go a great deal further on this subject than we do. Some of these journals are very bitter against Gov. Haight, and will not support him.
>
> Haight has proven himself utterly unreliable—he has doubled on his track too often to command respect or win general support. He professes now to be strenuously opposed to railroad and other subsidies; yet during his four years' term he has approved more subsidy bills than all the other Governors of California, taken together. His inconsistency in this matter will be a heavy load for him to carry during the canvass, and will subject him to the keenest thrusts and heaviest blows of his adversary's criticism. Further, he is not liked by his party in San Francisco, where his [illegible] has been such as to estrange a very important element. It is for these reasons that the Republicans, either with Booth or Selby, have strong hopes of winning the election

The "Departure" in California.

We fear the "fine old" Democrats of Oregon, as represented by the Democratic papers at Albany, Oregon City, Eugene, Roseburg and [illegible], will feel additional unhappiness when they read the first two resolutions adopted by the Democratic Convention of California. Here they are:

> *Resolved*, By the Democracy of California:
>
> 1st. That waiving all differences of opinion as to the extraordinary means by which they were brought about, we accept the natural and legitimate results of the war, so far as waged for the avowed purpose to maintain the Union and the constitutional rights and powers of the Federal Government.
>
> 2d. That we regard the three several amendments to the Constitution recently adopted as a settlement in fact of all the issues of the war, and that the same are no longer issues before the country.

This is the "new departure" undiluted. Those "villainies" known as the "three several amendments to the Constitution" are fully accepted, and an implied promise is given never to attempt annulment. It is the Vallandigham platform, word for word.

Now, let us see what the Democratic press of Oregon, which has been vehemently denouncing the Ohio platform, will say about the California resolutions. Here is a subject that is [illegible] the attention of the Oregon City *Enterprise* and the Albany *Democrat*. The "new departure" in its progressive march is coming very near to Oregon. Will it be accepted here, or will a din of gongs and tom-toms be [illegible] by the "bed-rockers" to frighten it away?

The San Francisco *Bulletin* thus comments on the "departure" in California:

> One of the resolutions declares in favor of accepting the results of the war, and standing by the Constitution *as it is*. If this means anything, it means that the 14th and 15th amendments, against which so much virtuous Democratic indignation has been expended, are indorsed as a part of the organic law of the land. We wonder what the *Examiner* will say to this? It has spent reams of paper in showing that the amendments were "usurpations," to which a free people ought not to submit. Will it still keep up the old fight against "Radical Encroachments," or will it meekly succumb to the force of circumstances, accept the situation, and eat its humble pie in silence? It is rumored that the "new departure" plank in the platform was deftly shoved in by Senator Casserly.

The Walla Walla *Statesman*, the organ of the Democracy east of the Cascade mountains, gives the "New Departure" the cold shoulder, thus:

> The Ohio platform, about which our Radical friends are making so much fuss, may be good enough for the "Buck-eyes," but it is not good enough for us. We don't propose to endorse, even tacitly, the abominable legislation of the radical Congress, nor the usurpations and assumptions of the present administration. Why Democrats should seek to take a new departure on a basis which the Radical party have laid down for us, we do not understand. However, we give in our adherence to no such doctrine. The Fifteenth Amendment and all its attendant legislation [illegible] constitutional and subject to repeal. [illegible] not, therefore, swallow it, nor any of its incidentals. The platform of the Democracy must be straight forward, or to us it is an unmeaning letter. We want RIGHT or nothing. This is where we stand.

The New Hampshire Democrats are determined to make a working majority in the New Hampshire Legislature. They will contest the seats of twenty-five Republicans. That means to unseat them. They intend, if possible, to hold the Granite State for a few years. They are laying plans to re-district the State for Congressional districts and for members of the Legislature, to upset the judiciary, and gerrymander to the furthest limit of partisan calculations. And this is the party whose members howl so dismally over the use of power for the benefit of party.

The Harbor of Crescent City.

A petition is in circulation at Jacksonville, asking Congress to make an appropriation for a breakwater and for other necessary improvements at Crescent City. Southern Oregon and Northern California are alike interested in the matter. Crescent City is the seaport for a large section of country. Several of the Southern counties of Oregon, as well as a number of the Northern counties of California, are dependent upon it for supplies. Besides, as the Jacksonville *Sentinel* observes, "the enterprise would not only be of local advantage but of great national importance. For the safety of the whole of the vessels plying between Puget Sound and San Francisco, this work is absolutely necessary. It is the most available point for forming a harbor of refuge between San Francisco and Puget Sound. Congress should make the necessary appropriation, and the work should be commenced at an early day and vigorously prosecuted." At present it is difficult for vessels to enter, and in winter even steamers sometimes cannot get in. But with a moderate expenditure by the General Government a good and safe harbor may be formed.

There is a more earnest political contest now in Kentucky than there has been for years. The Kentucky Democratic platform was adopted by Vallandigham blazed the way for a new departure, and Governor Leslie consistently repudiates the surrender doctrine, however phrased. This is the way he expresses his opinion with regard to the matter: "As to the 13th, 14th and 15th amendments, I am out and out opposed to them. I care not who in Indiana, Ohio or elsewhere may be for them. These amendments were engrafted upon the Constitution of the country, and proclaimed to the country as part and parcel of the Constitution, by force and by fraud.....Having been thus obtained, I hold that they ought to be repealed. There may be some Democrats who are not for their repeal, but the great body of our party is for it." It is worth while to note that the candidate for Lieutenant Governor is not less explicit in his declaration of unalterable hostility to the accomplished results of Republican administration.

The Walla Walla *Statesman* says "those well informed do not hesitate to say that Portland is a Democratic city." Where could those who say this have obtained their information? Portland never gave a Democratic majority more than twice in its history, and on those occasions the majorities were trifling. In June, 1868, Smith beat Logan in the city by twenty votes, but in November following Grant carried it by a large majority. At every State and Congressional election, save one, since Oregon has been a State, Portland has voted Republican, and the Democrats have had the Mayor but two years out of twelve. So if Portland is a Democratic city the "oldest resident" here does not know it.

The *Democratic Times*, published at Jacksonville, says that since the *Herald* has taken its "new departure" it "expects to see it urging the claims of Sherman, Sumner, Hancock, Chase or Fred Douglass for the Democratic Presidential nomination." The Roseburg *Plaindealer* of this week, in a long article, reiterates its objections to the new movement, and is confident that the party generally will not give it sanction.

The Bishop Scott Grammar School.

The examination of the classes in this school occupied Monday and Tuesday of this week. During the exercises there were present the Bishop and a few of the friends and patrons of the school.

The examinations were conducted by the Head Master, Prof. Laing, Prof. Rosenberg and Miss Tuttle. Rev. Mr. Burton, of Los Angeles, and Dr. Wilson, of Portland were present and *cross-examined* the classes in Latin to good purpose.

The order of exercises was as follows:—

MONDAY, A. M.

1. Primary arithmetic.
2. French.
3. History of the United States.
4. Second English grammar.

P. M.

1. Sallust.
2. First English grammar.
3. Cæsar.
4. Progressive arithmetic.

TUESDAY, A. M.

1. Third arithmetic.
2. First arithmetic.
3. German.
4. Constitution of the United States.
5. Latin Grammar.

P. M.

1. History.
2. Geography.
3. Second arithmetic.
4. First algebra.
5. Rhetoric.

The examinations, for the most part, were thorough, and conducted without favor or indirection. Evidently there was no cramming for the occasion. The examples and questions were selected at random throughout the range of the scholar's studies, and the examination was as well calculated to show what a boy had not learned as what he had.

After the classes were through Prof. Laing delivered an interesting and elegant address upon the general subject of education, which we hope to see in print—at least in the catalogue. After some remarks by Judge Deady and a short address from Bishop Morris, the exercises were closed with prayer;—and thus pleasantly and we hope profitably terminated the first scholastic year of the Bishop-Scott Grammar School.

One year ago, lacking a week, the corner stone of this school-house was laid by Bishop Morris in what was then a forest of giant stumps of once lordly firs, and to-day *the school* has closed its first year of ten months with a handsome, substantial and comfortable building—improved surroundings—and a catalogue of 80 scholars and average attendance of 60.

For the gratifying success which has so far attended this difficult undertaking, many co-operative causes might be named, but the chief of them all is the capacity, industry and undoubting faith of one man,—the Right Rev. B. Wistar Morris.

A VISITOR.

A late English letter says of Napoleon: "The Emperor has spoken freely to English visitors upon the change and his prospects. He states that he has even now little expectation of being sent for, but that he thinks the throne may be claimed for his son. He is really very ill and suffers considerable pain. If the Emperor possessed the physical strength which was his twenty years ago, he would risk a good deal himself; probably would try the chance of a third expedition to Boulogne. The prevailing opinion is that he will again rule France."

A poor colored woman in New Haven recently bequeathed between two and three thousand dollars—money she had saved by a life of toil in washing and scrubbing—to educate any poor colored student who might enter Yale divinity school to become a preacher, and if no colored student is presented, then the money may be applied for the benefit of a white student.

Adjutant-General Townsend is the embodiment of order, and his office in Washington reflects the man exactly. All his furniture, even down to pens and pen-wipers, are at right dress always. President Grant is reported to have said the other day: "When Townsend dies I think they will indorse him in red ink, 'War Department, A. G. O.,' wrap him up in red tape, and stick him away in a pigeon-hole."

PARSON BROWNLOW AS A POLITICAL LEADER.—A Knoxville correspondent of the Cincinnati *Commercial* has had a talk with Parson Brownlow. We extract the following from his account:

I asked Senator Brownlow what he thought of the chances for Republican success next year.

"Good," said he; "never much better. We will nominate Grant, and will elect him."

"You think Grant is the man, then?"

"Most certainly he is. He has led the country to victory twice, once in the field and once at the ballot-box, and he is the man to do it again."

"But don't you apprehend opposition to his nomination?"

"None to speak of. As the time draws nearer you will see the little petty opposition that has been manifested rapidly dying out. The country will rally to him in 1872 just as it did in 1868."

"How about the Democracy?"

"Oh, we're going to beat them, as usual."

"Have you ever noticed the Dayton departure?"

"Yes, and it is the most sensible thing they ever did."

As may be supposed from the above, the Senator is a most ardent friend and supporter of General Grant. Yet, in the course of conversation, he said:

"I haven't seen General Grant since 1864. After the siege of Knoxville he was here one day in this room."

"I should have thought that you would have seen him in Washington, as you have been there so much," I replied.

But it seems that he was not physically able to visit the President, and the President never visited him. The Senator made no complaint against the President on this account.

Brownlow has always been an extreme man in his political views, and while he has enemies by the million, he is liked by his neighbors. People here all say that as a citizen and a neighbor Brownlow is very popular. He is exceedingly charitable and kind in his social intercourse. His politics seem to be chiefly what is the matter with him.

California Democrats Demoralized.

The Sacramento *Reporter* (Dem.), does not hesitate to say:

> If the Democrats imagine that the Governor's re-nomination will hush the rumors of discontent now being heard, we tell them they are deluded. Governor Haight will not receive the undivided support of the party. This was an admitted fact some months ago, but his friends asserted that while he would lose Democratic votes he would gain Republican votes. This notion is effectually exploded. Governor Haight has no doubt commended himself to the Republicans by renewing the appointments of rich Republicans Notaries Public in San Francisco, who paid assessments to help elect Gorham and defeat our ticket in 1867, but those Notaries themselves are the only Republicans who will vote for him again if nominated, as against the man who will probably be the Republican nominee. This is an axiom. When old-time, truthful and leading Democrats tell us that they will not vote for Governor Haight, we believe them.

WEDNESDAY MORNING, JUNE 28, 1871.

CITY.

AN INTERESTING COURT DAY.—Yesterday the Grand Jury returned bills of indictment for murder in the 1st degree, against both Thomas Ward, for the murder of Isaiah Graham, and Zed Wilson, for the murder of John Kelley alias Michael [illegible]. The prisoners were each arraigned and after appointment of counsel for Wilson, they were given till this morning to plead to the indictments. The expectation in the public mind that these proceedings would take place, led to [illegible] at the court room of a considerable throng of spectators. Subsequently, the trial of Anna Graham, the widow of Isaiah, the [illegible] man, for arson, was taken up and the balance of the day was consumed in the hearing of [illegible] and the argument of counsel. This [illegible] quite a general interest, partly, no doubt, on account of the late tragic events that have occurred affecting the Ward and Graham families. Ward is the complaining witness in the case. There were great numbers of people both colored and white, in attendance throughout the trial, and argument.

MEETING OF THE BOARD OF FOREMEN.—Agreeable to the call of the Chief Engineer of the Portland Fire Department, the Board of Foremen met in the Police Court room at 8 o'clock last evening. The meeting was called to order, R. J. Holman in the chair. Roll called by W. H. Watsell, Secretary, and the following members were found to [illegible]:

[illegible] Haynard, Willamette Engine Co. No. 1; [illegible] G Skidmore, Multnomah Engine Co. No. 2; J. P. Gallagher, Protection Engine Company No. 4; [illegible] Myer, Vigilance Hook and Ladder No. 1.

Chief Engineer Holman stated the object of the meeting to be to consider a communication from [illegible] General 2d Brigade of State Militia, [illegible] of the Oregon Branch of Association of Veterans of the Mexican War, in relation to the 4th of July celebration. On motion the [illegible] was received and placed on file, [illegible] the Secretary was ordered to reply to [illegible] and respectfully decline to participate.

[illegible] the Board adjourned until the last Friday in July (21st), when they are to meet for [illegible] of arranging for the anniversary parade of the Department, in September next.

THE HORTICULTURAL EXHIBITION.—The Horticultural Exhibition and Fair to be held at Armory Hall in Portland, will open on Thursday morning at 10 A. M., and continue three days. This is an experiment, and if patronized by [illegible], it will doubtless be followed by [illegible] which will embrace the exhibition of articles of manufacture, farm produce, ladies handiwork and other articles, which will increase their [illegible] importance. Why should not the [illegible] and rapidly growing city of Portland [illegible] Farmers' and Mechanical Institute? At this time, at the commencement of the practical labors of the State Horticultural Society here, the [illegible] of the ladies and others of Portland, in [illegible] flowers to beautify the hall and for [illegible] the premiums offered, is most respectfully solicited. Gardeners and others are [illegible]ted to furnish flowers and plants and [illegible] for exhibition and premium. The [illegible] of this enterprise will accomplish much [illegible].

[illegible] GRAMMAR SCHOOL.—This school [illegible]day, with the customary examinations [illegible]. During the late term, the number [illegible] enrolled was 80, the average attendance 60. At the close yesterday afternoon Prof. R. W. Laing, the Principal, delivered a [illegible] address to the school, after [illegible] Deady and Bishop Morris addressed [illegible] upon matters pertaining to their education and pursuits. The school seems to have [illegible] under the management of Prof. Laing [illegible] high degree of prosperity and to a rank among our best schools. The next term will open on the first Monday in September next.

STEAMERS TO SAIL.—The N. P. T. Co.'s steamship John L. Stephens will sail for San Francisco [illegible] this morning.

The same company's steamship California will sail for Victoria and Puget Sound ports at 7 P. M. on Th[illegible].

The Geo. S. Wright is advertised to sail for San Juan, Nanaimo and Sitka, on Saturday, July 1st.

[illegible], Kohl & Co.'s steamship Constantine will sail for San Francisco at 8 o'clock this morning.

The N. P. T. Co.'s steamship Oriflamme will sail for San Francisco on Wednesday, July 5th.

LECTURE UPON THE HOLY LAND.—Hon. George [illegible], of St. Louis, Mo., now on a visit to [illegible] for a few days, will deliver a lecture on [illegible] this evening, at the Unitarian Church, [illegible] of Yamhill and Seventh streets, at eight [illegible]. Mr. Partridge is one of the leading citizens of St. Louis, for many years President of [illegible] Exchange, and is largely identified with the [illegible] interests of the West. He has lately returned from the Holy Land, and as a careful observer of men and things, his impressions cannot fail to be of interest and profit to all. The public are cordially invited.

ARRIVAL OF THE EDWARD JAMES.—The bark Edward James, from Hong Kong, arrived last [illegible], having been towed up by the steamer John McNear. Judge J. F. McCoy, who went [illegible] her, returned with her, and we are indebted to him for a file of Hong Kong papers, printed both in English and Chinese. The latter we shall read carefully as soon as we get time, to learn what are the views of our Flowery neighbors upon the late "departures" and other equally important topics.

[illegible] AVENUE.—We learn that the grading for this improvement at Holladay's Addition, will be completed by Saturday. The planking is [illegible]rily delayed somewhat for the want of lumber. The mills are unable to keep up with their orders. The long bridge across the canyon at the [illegible] end of the avenue has been completed. In a week or two after the 1st of July, this magnificent work will be entirely finished, and it will then furnish the best drive to be found anywhere in the neighborhood of the city.

PRETTY WEATHER.—The weather has been [illegible] up again rather lively, for the last two or three days. At 2 P. M. yesterday the mercury stood at 85° in the shade, and looked as though [illegible] to go to a hundred. The sun shone with a peculiar scorching glance that was exceedingly oppressive to such as were compelled to [illegible] the streets. Sunshine is a good thing in the abstract, but we should prefer to have ours toned down a matter of a couple dozen [illegible].

OREGON CENTRAL RAILROAD.—The contract for grading the first twenty mile section of the [illegible] Central Railroad has been let to Messrs. E. S. Hart & Co. The driving of piles for the [illegible] Couch's Lake and the laying of the [illegible] is included in the contract. The estimated [illegible] and embankments amount to 98,000 cubic yards, of which about 50,000 yards are ex[illegible]. The pile driving at the lake, which we mentioned yesterday morning, is the beginning of the work. The track will, for nearly all the way, follow the old road bed.

BUILDING DELAYED.—Our friend Dekum has been delayed by the high water nearly a month, in [illegible] the excavations for his building done. The water is still about two feet too high to admit of [illegible]ing the cellar, and so, Dekum waits and watches, and measures the water-fall every day.

EXPORTS PER "CONSTANTINE."—The steamship Constantine takes away this morning the following Oregon products: 104 kegs butter, 132 bxs and 6,241 qr sks flour, 44 cs bacon, 493 hides, 21 bales sheep skins, 120 kegs dried apples, 373 bales wool, 31 cs mdse, 9 cs furs.

FIRE ALARM.—One of the Chinese houses on Taylor street caught fire about 7 o'clock yesterday morning, and an alarm was sounded from two or three of the engine houses. The fire was extinguished, however, by a bucket of water, and the engines didn't squirt.

PRECAUTIONARY.—Judge Upton declined to discharge the Grand Jury last evening, and we may presume that he desires to have it on hand in case of another shooting affair. Really, the Grand Jury ought to remain in session till the shooting season is over.

"ON THE MOUNTAIN TOPS."—The people living on the mountain tops in the neighborhood of Judge Marquam's place, are going to celebrate the Fourth. J. C. Moreland will deliver the oration and Rev. I. Dillon will serve as chaplain.

AMUSEMENTS.

ORATORIO OF ESTHER.—The first rendition in this city of the grand scenic Oratorio of Esther the Queen, was given last evening at Oro Fino Theater, under the direction of Prof. J. B. McGibeny. The house was full in every part, the financial result being a gratifying success. The Oratorio is illustrative of the principal events related in the book of Esther—the exaltation of Haman; his intrigues and arrogance; his hatred of Mordecai and the Jewish people; the tribulations of the Jews; their salvation at the hands of Queen Esther; the denunciation and doom of Haman, etc., etc. The costuming by the characters was, in general, rich, and in some cases superb. At the rise of the curtain upon the Persian street scene, the group on the stage was admirably arranged, giving an excellent representation of Oriental Court splendor. The performance of this and the following scene, in the interior of the King's palace, was very spirited and elicited warm applause. The succeeding scenes, the exterior of the Jewish Synagogue and the interior of the same, were impressive to a high degree. The effect of the tableau at the end was, however, marred by the people moving off the stage as the curtain descended. The dialogue between the King (Mr. McCormick) and the Queen (Mrs. McGibeny) in the scene where she goes into the royal presence, uncalled, was finely acted. The banquet scene in Haman's house was lively and spirited, and the chorus was rendered in excellent style. The following solos and chorus of the Jews, in the interior of their synagogue, were grandly impressive. The scene in which Haman is compelled by the order of the King to proclaim Mordecai the favored minister, was well acted by Mr. Warren, and the chorus broke in at the close with almost electrical effect. The best acting, however, of the whole piece was in the grand banquet scene between the King, Queen and Haman, in which the Queen denounces Haman as the author of all hers and her people's woes, and the King pronounces his doom—to be hanged upon his own gallows. The denunciation by Mrs. McGibeny—the steady pointing of the finger and the flashing of the eye upon the quailing form of the bad man, were exceedingly effective, as was also the impetuous wrath of the King. Mr. Warren as Haman portrayed very finely the fear and despair of the broken and disgraced minister—the transformation of the bold, excellent man whose schemes had all worked well, to the poltroon and abject coward, who in a moment found every hope blasted and himself on the verge of destruction. There was a decided, enthusiastic encore when the curtain fell, to which the King and Queen only responded. Haman should have appeared also. Mr. Warren's articulation also is worthy of special commendation. Mr. McCormick's was good at the start, but in some of the passages, he sacrificed articulation to acting. Mrs. McGibeny was careful all the way through, and we think the general judgment of her performance of the beautiful Queen was greatly in her favor, though her acting occasionally seemed constrained and a little stiff. The choruses were rendered very finely without exception. The orchestral support was unquestionably the best that any singer in this city ever had. Mr. McGibeny has certainly worked up this oratorio in a style which reflects upon him the highest credit as a musical teacher and director, and we are certain that all the people who were present last evening, will unite in thanking him for the pleasure he has afforded them. The oratorio will be repeated again Thursday evening.

The Universal Safeguard.

It is useless for State Legislatures to pass laws for the preservation of the public health, if the great law of self-preservation, which depends for its enforcement upon the will of the individual, is suffered to remain a dead letter.

There is scarcely an adult member of the community, of either sex, in the country, who has not seen the testimony in favor of Hostetter's Stomach Bitters, furnished over their own signatures by persons of acknowledged eminence in science, literature, art, commerce, and every department of business and professional life. These witnesses have declared in the most explicit terms that the preparation is a safeguard against epidemics, a sovereign remedy for dyspepsia, a valuable anti-bilious medicine, a promoter of appetite, a genial and harmless stimulant, a good acclimating medicine, a strengthener of the nerves, a general invigorant, a protection against the deleterious effects of malaria and impure water, and that it imparts a degree of vigor and activity to the vital forces which is not communicated by any other of the tonics and stomachics in use. Under these circumstances the self-protective law of nature should teach every rational person who, either by reason of inherent debility or in consequence of exposure to unwholesome influences, is in peril of losing the greatest of all temporal blessings, health, the importance of using the Bitters as a defensive medicine. Dyspeptics who neglect to give it a trial are simply their own enemies. It is guaranteed to cure indigestion in all its forms, and the bilious will find nothing in the whole range of official and proprietary medicines which will afford them the same relief.

A Steamboat Attacked by Alligators.

A gentleman who has been stopping in our midst for some time gives an account of one of the most terrible scenes ever recorded in the annals of this country. While steaming up the placid waters of the Ocklawaha we witnessed a conflict which made the hair stand on end, never to be forgotten. After rounding Sackett's Point the stream widens and deepens, and the waters at this bend always look troubled and black. Suddenly the steamer encountered a sea of alligators, floundering and splashing in every direction. Their bellowing shook the foundation of the waters. The captain says that he never heard nor witnessed such a scene, and never wished to again. Before the speed of the little steamer could be checked, they found themselves in the midst of these terrible monsters. The passengers endeavored to drive them away by shooting, and the hands on board beat them with hand-spikes, yet they seem determined to obstruct the passage of the boat. The situation every moment became more critical, and the passengers and crew more and more exhausted, and the destruction of the boat seemed inevitable. Already three colored hands had been devoured by these terrible monsters and several others wounded. Several planks were torn from the hull, and the steamer was with difficulty kept from sinking. Just at this period a source of relief came.

A huge serpent appeared, making his way from the lakes—the same, it is supposed, that was seen at "Devil's Elbow" last fall. The alligators soon disappeared, following [illegible] devil, or whatever you may call him, and such fighting never was witnessed. A [illegible] where the river suddenly narrows [illegible] became blocked with dead alligators and the water was red with blood. It is difficult to account for the number and [illegible] appearance of these animals, but the [illegible] may throw some light upon the subject. [illegible] is believed by many that there is [illegible] subterranean passage of water between the headwaters of the Ocklawaha and the waters of [illegible] Okeechobee lake, and that these monsters [illegible] found their way here in great numbers [illegible] if not soon exterminated, will obstruct the navigation of the Ocklawaha.—*Pilatka Fla. Herald.*

THE NEW EXPULSION.—When, after the election of Mr Lincoln the Southern States attempted to withdraw from the Union, it was claimed that the General Government had no right to use force for the purpose of bringing back seceding States. When on the 1st of January 1863, Mr. Lincoln, as an act of military necessity, issued his emancipation proclamation, it was declared to be unwarranted and void. When after four years of bloody war, the Democratic convention assembled in Chicago, it was announced that the war was a failure and ought immediately to cease. On the 30th of June, 1868, Frank P. Blair, afterward the Democratic candidate for Vice-President, in his letter to Col. Brodhead, announced that it would be the duty of a Democratic Executive to ignore the Reconstruction acts of Congress, declare them void, and to forcibly disperse the existing governments at the South, and finally it was declared that the last three amendments to the Constitution were not binding as constitutional enactments, and it would be the duty of a Democratic Executive to ignore them. But the General Government did not use force to bring back seceding States and the events of 1865 proved that the war was not a failure. The Reconstruction acts were enforced, the Southern governments not forcibly dispersed, and, wonderful to relate, the first resolution adopted by the Democratic Convention of Ohio, that assembled on the first of the present month, announces that, "we recognize as [illegible] facts the three amendments to the Constitution recently declared adopted, and consider the same as no longer political issues before the country." Thus has the Democratic party, without any affirmative policy of its own, been driven from position after position by the logic of events—always protesting against what was being done, and invariably compelled to accepts the results.—*New Haven Palladium.*

A young husband in Baltimore is in a nice pickle. From some cause he concluded his wife did not love him as she should, and determined to test that element. Therefore he wrote a note telling her that he was going to drown himself in a canal, and that before she read the contents of that note his spirit would be hovering over her, observing how she took his death. The would-be suicide entrusted the note to a small boy, but the boy mistook the direction and carried the note to a next door neighbor of his wife. Not liking to communicate the dreadful intelligence to the unlucky woman, the lady handed the note to an officer with instructions if possible to prevent the rash act. The officer hurried off, and sure enough found him on the bank of the canal. Rushing up, the officer seized the unlucky husband and marched him off to the station house, notwithstanding his protestations that it was all a joke and that he did not intend to commit suicide, etc. After the incarceration of the husband, the note was handed to the wife with the information that he had been saved. After upbraiding the officer for not letting the [illegible] fool drown himself, the wife made a charge of lunacy against him and he barely escaped being placed in the asylum.

MORMON MIRACLES. Brigham Young told his hearers the other Sunday that he had been blamed for putting too much faith "in the administration of individuals that now live and [illegible] on the earth in our day." But he put it to them candidly whether it was possible for him to disbelieve the evidence of his own eyes. He knew the latter day apostles [illegible] the same power and authority [illegible] early ones, for he had seen them do the same works. He had seen them open the eyes of the blind, make the lame leap, cast out devils, and raise the dead. It is probable [illegible] at this stage of the homily the faces of [illegible] of the congregation betrayed incredulity, as Brigham hastened to qualify his assertion by explaining that the persons so raised were not really dead, but only apparently so, as was the case with Lazarus. But [illegible], that these miracles were by no means successfully wrought in every in[illegible], [illegible] being entirely dependent on faith. Brigham is certainly a lucky man. He has a son at West Point, untold millions in the bank, an army of miracle-workers at his back, and the privilege which only less fortunate preachers can fully appreciate, of reeling off the most vapid and nonsensical sermons to an audience which never tires of hearing him, and which swallows every word he utters as gospel truth.—*Springfield Republican.*

It causes a frequent desire, and gives strength to urinate, thereby removing obstructions, Preventing and curing Strictures of the Urethra, allaying Pain and Inflammation, so frequent in this class of diseases, and expelling all poisonous matter.

HENRY T. HELMBOLD'S

IMPROVED

ROSE WASH!

Cannot be surpassed as a FACE WASH, and will be found the only specific remedy in every species of CUTANEOUS AFFECTION. It speedily eradicates Pimples, Spots, Scorbutic Dryness, Indurations of the Cutaneous Membrane, etc., dispels REDNESS and INCIPIENT INFLAMMATION, HIVES, RASH, MOTH PATCHES, DRYNESS OF SCALP OR SKIN, FROST BITES, and all purposes for which SALVES or OINTMENTS are used; restores the skin to a state of purity and softness, and insures continued healthy action to the tissues of its vessels, on which depends the agreeable clearness and vivacity of complexion so much sought and admired. But however valuable as a remedy for existing defects of the skin, H. T. Helmbold's Rose Wash has long sustained its principal claim to unbounded patronage, by possessing qualities which render it a TOILET APPENDAGE of the most superlative and congenial character. Combining in an elegant formula those prominent requisites, SAFETY and EFFICACY—the invariable accompaniments of its use—as a Preservative and Refresher of the Complexion. It is an excellent Lotion for diseases of a Syphilitic nature, and as an injection for diseases of the Urinary Organs, arising from habits of dissipation, used in connection with the EXTRACTS BUCHU, SARSAPARILLA and CATAWBA GRAPE PILLS, in such diseases as recommended, cannot be surpassed.

General Recapitulation of Diseases and Cures.

For Kidney Affections—Use Helmbold's Extract Buchu.

For Bladder Affections—Use Helmbold's Extract Buchu.

For Gravel—Use Helmbold's Extract Buchu.

For Dropsy—Use Helmbold's Extract Buchu.

For Diseases of the Testicles—Use Helmbold's Extract Buchu.

For Female Complaints—Use Helmbold's Extract Buchu.

For Gonorrhea, first stage.—Use Helmbold's Extract Buchu and inject with Helmbold's Improved Rose Wash.

For Gonorrhea, second and third stages.—Use Helmbold's Extract Buchu, bathe the parts with Rose Wash, and after the inflammation subsides, inject with the Rose Wash.

For Gleet.—Use Helmbold's Extract Buchu and inject with Improved Rose Wash.

For Strictures.—Use Helmbold's Extract Buchu and the Bougie. For dose, see bottle.

For Gonorrhea and Gleets,—Take one teaspoonful Extract Buchu three times a day, one hour before meals. Inject with small glass syringe, Helmbold's Improved Rose Wash—night and morning.

For Strictures or Painful Erections.—Take Extract Buchu as above. Procure a bougie—be careful, and have it smooth and of small size—to this apply sweet oil, that it may pass through the urethra with less trouble. This must be passed very gently, and by degrees, until it has entered the bladder, then let it remain a short time. The bougie should be so passed three or four times a day. This method is destitute of pain and danger, and will overcome the most obstinate Stricture, whenever the medicine is taken regularly, and the patient has sense to do as directed.

For Syphilis, when Syphilis alone exists.—Take two teaspoonful, at night on retiring, and morning on arising, and apply the Rose Wash to the Ulcers, with a small sponge or piece of linen two or three times a day. In Swellings of the Groin, bathe the parts with cold water—then apply the Rose Wash.

For Gonorrhea and Syphilis—Owing to promiscuous intercourse, these frequently exist and are contracted at the same time. Take Sarsaparilla, as above, and the Extract Buchu, three times a day, two hours after meals. Inject the Rose Wash, as directed, night and morning, and apply it also to the Ulcers.

The Sarsaparilla would be useful, taken in connection with the Buchu, in all these affections, although not in all cases necessary; but as in the diseases for which Buchu is used it is difficult to decide—what the inoculation of bad humor may be, or how far it may go—as a precautionary measure it would be well to use Sarsaparilla a week; in this event the directions are the same as in Gonorrhea and Syphilis.

For IMPURITIES OF THE BLOOD, Scrofula, Eruptions, Beautifying the Complexion, etc.—Take two teaspoonfuls of the Sarsaparilla, night and morning. For CHILDREN, half the above quantity.

In all of the above diseases, the patient must bear in mind that the bowels must be kept open by H. T. HELMBOLD'S CATAWBA GRAPE PILLS.

For the Guidance of Patients.

Use no high seasoned, fat or greasy food. Alcoholic and stimulating drinks, as well as the use of tobacco should be avoided. Costiveness must be avoided in all of the above diseases. Use gentle exercise, and bathe the parts affected with cold water, freely and frequently. Take the medicines according to directions, and not only a safe but permanent cure is guaranteed, no matter how violent may be the case or of how long standing.

Permanent Cure for Gravel of Twelve Years' Standing—Stone Passed and to be Seen.

BURNSIDE, CONN., December 15, 1869.

DR. HELMBOLD:—

DEAR SIR,—It is with much pleasure that I write you upon facts respecting myself. I do not know hardly how to express myself. I have been for the last ten or twelve years the greatest sufferer man could be and live but more sometimes than others. The complaint was the "Kidneys" and "Bladder." I have been sometimes from twelve to fourteen hours, and wanted to make water every minute, but could not. Have consulted doctors, both in Massachusetts and this State and taken pills, I may say by the quart; also liquored medicines, but found no relief from any, and got worse the last six months. I was so that I could scarcely get about. I could not rest night or day. It would soon have been "all up" with me if I had not seen your advertisement in the "Berkshire Courier," headed "Kidneys." I read it through and thought I would try it. I purchased a bottle, but, mind that I had not much faith in it. Why should I, when I had been trying so many things and cost me so much? Well, I began taking it, and before I had taken the first bottle, I felt bad; but I finished it and got another. By the time I took half of the second bottle, I still got worse, (apparently). When I walked it seemed as if my right kidney was falling from its place, and I felt really bad. I felt so, before I had finished the second, that I made up my mind it was of no use trying any more—and all this time the "Buchu" was doing its work, but I did not know it, so I went to Hartford on Saturday to one of the best physicians in the city. He said it was the neck of the bladder, and I should have to undergo an operation. He gave the medicine, and I went home quite down-hearted. On Sunday I was unable to go to church. I had not taken any of his medicine, but on my return continued using the "Buchu," and in the afternoon I had a desire to make water, but could not. About one hour after this I tried again, with the same result; but the next time I took the vessel, it was the same as turning a faucet and turning it off again. It was so for three times, and the third time there was something came through the passage and struck against the side of the vessel. I examined it, and it is the ugliest stone or gravel you ever saw, covered over with little pieces which collected together. It looks the color of a mud turtle, and is as hard as flint. So you see the "Buchu" was doing its work, although I was feeling so badly. I procured another bottle, thinking there might be some more behind; but since that has passed, which is eight weeks ago last Sunday, I have been as well as ever I was in my life. I have the stone securely wrapped, and those who have seen it in this place are surprised. I cannot tell you all, but this is a true story of my case, and you are welcome to make use of my name as you think proper. I am pretty well known in Berkshire; also in Connecticut. The advertisement saved me. Why not publish more? The "Springfield Republican" is a wide-spread paper. If any one wishes to see the wonder, they can do so. I could write all day, but I think I have said enough this time; so I remain your ever well-wisher,

A Case of Twenty Years' Standing.

PHILADELPHIA, PA., June 25, 1867.

H. T. HELMBOLD, Druggist:

DEAR SIR—I have been a sufferer for over twenty years with gravel, bladder and kidney affections, during which time I have used various medicinal preparations, and been under the treatment of the most eminent physicians, experiencing but little relief.

Having seen your preparation extensively advertised, I consulted my family physician in regard to using your Extract Buchu.

I did this because I had used all kinds of advertised remedies and had found them worthless, and some quite injurious; in fact, I despaired of ever getting well, and determined to use no remedies hereafter unless I knew of the ingredients. It was this that prompted me to use your remedy. As you advertised that it was composed of buchu, cubebs and juniper berries, it occurred to me and my physician as an excellent combination; and, with his advice, after an examination of the article, and consulting again with the druggist, I concluded to try it. I commenced to use it about eight months ago, at which time I was confined to my room.

From the first bottle I was astonished and gratified at the beneficial effect, and after using it three weeks was able to walk out. I felt much like writing to you a full statement of my case at the time, but thought my improvement might only be temporary, and therefore concluded to defer and see if it would effect a perfect cure, knowing that it would be of greater value to you and more satisfactory to me.

I am now able to report that a cure is effected after using the remedy for five months.

I have not used any now for three months, and feel as well in all respects as I ever did.

Your Buchu being devoid of any unpleasant taste and odor, a nice tonic and invigorator of the system, I do not mean to be without it whenever occasion may require its use on such occasions.

H. T. HELMBOLD, Esq.:

DEAR SIR—I have in my practice used (in the majority of cases where diseases of the urinary organs existed) Helmbold's Extract of Buchu, and can confidently say that I have never known it to be used without the greatest beneficial results. I have consulted patients after partaking of it, and they invariably confirm my statement. I am satisfied that the preparation is an established fact, convincingly proved by the practical test of long experience. Yours, respectfully,

Permanent Cure of Diabetes with Four Bottles.

HACKENSACK, BERGEN CO., N. J., April 26, 1870.

DR. H. T. HELMBOLD:

DEAR SIR—I have been suffering for a long time from Diabetes, and had been under treatment for the same by (3) three of the most eminent physicians of this place, viz. Drs. Hasbrook, Hall and Smith, without any apparent beneficial result. Having heard of your "Fluid Extract Buchu," I concluded to try it, although I had but little faith in its curative properties. I am happy to state that, after having taken four bottles of your "Buchu," I am entirely cured, and deem it but my duty to you and the community at large to inform you of the fact, and that I have been permanently cured by your medicine, after having been informed by the (3) three physicians above named that my disease was incurable.

Yours, truly, JOHN H. WYGANT.

Cure of Bladder and Kidney Affections of Long Standing—Stone Passed and to be Seen.

WESTPORT, CONN., September 5, 1869.

H. T. HELMBOLD, Esq.:

DEAR SIR—I commenced taking your extract of Buchu two or three weeks since for an affection of the bladder and kidneys. I have suffered by spells very much for a few days past. But yesterday relief came through the effect of your "Buchu." A stone passed from my bladder about the size of a pea, and now I feel perfectly well and entirely free from the pain that I have suffered with "so hard." I attribute my cure to your medicine entirely, and would recommend all persons similarly affected to try it. I have great faith in its curative powers.

Yours, truly, THOMAS J. BENNETT.

Cure of Kidney and Bladder Affection of a Patient Seventy-eight Years of Age.

THANKS TO MR. HELMBOLD.

GIRARD, PA., March 31, 1869.

EDITOR COSMOPOLITE: I desire, as an unsolicited tribute to the merits of HELMBOLD'S BUCHU, and for the benefit of those similarly afflicted as myself, to say that, after consulting many eminent physicians and trying nearly all the best advertised remedies, in the vain hope of finding relief from aggravated kidneys and bladder diseases from which I have suffered excessively for years, good fortune finally suggested to me HELMBOLD'S BUCHU, which I commenced using with little faith and no apparent beneficial result for about a month. At the expiration of that time, however, I thought I commenced to experience slight relief, which encouraged me to persevere in its use, and now, at the expiration of four months, although I am an infirm old man, nearly seventy eight years of age, and consequently medicines cannot be expected to favorably affect me as they otherwise would, I have found such unspeakable relief and permanent benefit from Mr. Helmbold's valuable discovery, that I feel I ought to publicly record this fact, as an acknowledgment to him, and a valuable suggestion to the public. Yours, respectfully,

D. M. LAREN.

Bed-Wetting in Children.

NEW YORK STATE VOLUNTEER INSTITUTE,
Cor. Fifth Ave. and Seventy-Sixth St., Central Park.
[A Home and School for the sons of deceased soldiers.]

DR. H. T. HELMBOLD—Two bottles only of the package of your valuable Buchu, presented to the Institute, have been used by the children, and with perfect success. In the case of our little Lieutenant A. J., his pride is no longer mortified, and he is free from the daily morning anathemas of the chambermaid who has charge of the bedding. I feel that a knowledge of the result of our use of your Buchu with the children under our charge may save many a Superintendent and Matron of Boarding Schools and Asylums a great amount of annoyance; and many a poor child, suffering more from weakness than from habit, may be spared punishment that is (not knowing it as a weakness instead of a bad habit) most unjustly inflicted upon them. Thanking you on behalf of the children, and hoping others may be alike benefitted.

I am, respectfully yours,
COL. YOUNG,
General Superintendent and Director.

ONE HUNDRED DOLLARS WOULD BE GIVEN FOR A BOTTLE IF NECESSARY.

RAHWAY, N. J., Dec. 2, 1869.

H. T. HELMBOLD, Esq.:

DEAR SIR—I take great pleasure in sending you a certificate in addition to the many you have received from suffering humanity. I can scarcely find language sufficiently strong to express my heartfelt gratification at the wonderful cure your Buchu has effected. For four years I have suffered beyond description. All my friends (with myself) came to the conclusion that my case was incurable. Accident placed your advertisement in my hand. I commenced taking your Buchu.

I followed the directions, and, to my utter astonishment, before I had taken seven bottles of your valuable medicine—I would give one hundred dollars a bottle if I could not get it at any other price—am entirely cured. I most earnestly recommend it to all those suffering from disease. I have told many persons to take your valuable medicine, and they are doing so with great success. Any information my fellow-citizens may require will be freely given by the subscriber, at his residence, 76 Milton Avenue, Rahway, New Jersey.

Cure of Nervous Prostration and Decline of a Young Lady.

H. T. HELMBOLD—I have been giving your EXTRACT BUCHU to my daughter, who has been unable to sleep, very nervous, loss of appetite, general debility and rapid falling into a decline—in fact, Consumption was talked of. I was recommended to try your BUCHU by a highly respectable lady of this place, who had given it to her son with complete success. My daughter had been troubled for a long time. I purchased one bottle some eight weeks since, which lasted one week, and from which she received great benefit; this induced me to purchase one half-dozen bottles, as I had tried many other remedies, and my family physician to no avail. It is now more than two weeks since she has taken the last bottle, and I am happy to inform you of its complete success. Very truly, yours,

GEORGE M. MARSHALL.

Speedy Relief from Kidney Affection Occasioned by Accident.

NEW YORK, February 1, 1870.

DR. H. T. HELMBOLD:

DEAR SIR—On the 23d of August last I received severe internal and external injuries, occasioned by an accident on a Philadelphia railroad car. On my arrival in New York I was attended by Dr. WILSON, of East Fifty-fifth street, and another physician, whose name I do not now remember. After my wounds were dressed, I suffered for three (3) days intense agony from internal injuries, which affected my kidneys. I can say that after taking but three doses of your EXTRACT BUCHU I felt greatly relieved. I used the balance of the bottle, and am happy to state that since that time I have experienced no further difficulty.

Very truly yours, P. H. KEARNEY.

DR. H. T. HELMBOLD:

DEAR SIR—In November, 1863, my son, aged "one year," was taken with sore eyes and scalp disease, and after using various medicines by advice of seven different physicians to no purpose, I was advised by a friend to try your Extract of Sarsaparilla, after using three bottles of which, the child is almost entirely cured—the disease of the head having all disappeared, and the specks on the eyes diminishing daily. I shall continue to use your Extract and cheerfully recommend it to others as a safe family medicine. Yours truly,

DEAR SIR—In regard to the question asked me as to my opinion about Buchu, I would say I have seen and used every form of Buchu—the powdered leaves, the simple decoction, tincture, fluid extracts—and I am not cognizant of any preparation of that plant at all equal to yours. Thirty years' experience ought, I think, to give me the right to judge of its merits, and without prejudice or partiality I give yours precedence over all others.

I have cured with it, and seen cured with it, more diseases of the bladder and kidneys than I have ever seen cured with any other Buchu, or any other proprietary compound of whatever name.

Great Cure of Diabetes of a Lady.

FIFTY DOLLARS A BOTTLE.

DEAR DR. HELMBOLD:

DEAR SIR—For the past eight months I have been suffering from diabetes. I have consulted several of our leading physicians, but have failed to receive the slightest benefit from their costly medicines.

Four months ago I saw your advertisement in the "Herald." I was persuaded by a friend who had been benefitted by your, world-renowned BUCHU. I purchased a bottle, took the contents, and was so relieved that I continue the use of it. The diabetes has entirely disappeared after using it for three months. I would give $50 a bottle if I could not get it at any other price. I most earnestly recommend it to all those suffering from this disease. Sincerely yours,

I did so, but found I did not obtain much benefit. I then determined to use your Extract Buchu, as a friend recommended it very highly, and I am pleased to state that I derived benefit from it, and, continuing its use, I was restored to health, and I believe it has invigorated my whole system.
